March 31, 2007

Dear Parents and Friends,

KinStar is pleased to share some news with you about upcoming events and additions to the school.

1. We wish to announce the addition of Ms. Catherine Davis whose 14 years of experience in education include particular skills in the programming and teaching of English as a Second Language and doctoral studies in English at the University of California-Riverside. She is presently the English Language Arts teacher for grade five at KinStar.
2. On April 11<sup>th</sup>, from 10:00 to 11:45 a.m., we will hold an open classroom day so you may once again see how teaching and learning takes place here at KinStar.
3. We invite you as well to our first annual Family Day celebration on May 12<sup>th</sup>, from 1:30-4:30 P.M. with games, activities and fun for each member of the family. More details will follow.
4. KinStar will begin to provide an afternoon snack to students as of Monday, April 2<sup>nd</sup>. The cost of the snack is 5 RMB per day and will include two items: milk/juice/yogurt and fruit or biscuits. We believe this required cost is justified: The day is indeed long especially the period from the conclusion of lunch until the time the children arrive home. This may be as long as five hours. The snack to be provided will keep the energy level of the students high and help them maintain their focus.

If you have any questions regarding the above, we are, as always, available for you.

Best regards,

Principal Gao Wei and Principal Peter Cohen
